APPROVAL OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 48644 is issued subject to the terms and conditions imposed in said Permit 48644 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 52692 and 52693 shall not exceed 392.18 acre feet.

The total combined duty of water under Permits 52692, 52693, 52706 and 52707 shall not exceed 890.18 acre feet.

This permit is limited to 541 dwellings and health spa use only. The golf (CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.5 cubic feet per second, but not to exceed 392.18 acre feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before July 18, 1992

Proof of completion of work shall be filed before August 18, 1992

Application of water to beneficial use shall be made on or before July 18, 1995

Proof of the application of water to beneficial use shall be filed on or before August 18, 1995

Map in support of proof of beneficial use shall be filed on or before August 18, 1995

(PERMIT TERMS CONTINUED)

course use from underground sources must be limited to the amount granted under Permits 52706 and 52707 being 498.0 acre feet annually.

A totalizing meter must be installed in the discharge line of the distribution system of the golf course and separate from the distribution system of the 541 unit subdivision and health spa. Accurate measurements must be kept of water placed to beneficial use separately on each system.

This permit is issued with the understanding that any withdrawal or cancellation of this permit will result in the amount of water granted under this permit reverting back to the groundwater source and not to the base right.

This permit is issued with the understanding that this right remains appurtenant to this place of use.
